

Dear Parents,

Welcome to the Preschool class at Ridge Hill School. We, the teachers, have objectives that your child will be experiencing throughout the year. Please keep in mind that the list is a guideline and each child will progress and learn at their individual rate.

Preschool Curriculum Goals:

Introduction to colors, numbers, socialization, self-help skills, finger plays / songs, name recognition, strengthening fine motor skills, science and math projects.

Writing letters of their name, fine motor grip, cutting, pasting, gross motor skills, science projects, math skills, initiating play with others, gross motor control.

Starting in October, we will choose a V.I.P. each week - the V.I.P. is the classroom helper for the week and may also bring in special items from home to share as well as bring in a healthy snack to share with their friends. Also, parent volunteers are always welcome in the classroom - there is a monthly parent reader sign-up posted outside the classroom door.

We are so excited to meet all of our new classroom friends and have fun exploring and learning together. Have a wonderful rest of the summer.

We look forward to seeing you in September!

The Preschool Team
